Inspiration from the Diary of St. Faustina; Jesus Speaks About Sins of Distrust, Entry 1076

"When my soul is in anguish, I think only in this way: Jesus is good and full of mercy, and even if the ground were to give way under my feet, I would not cease to trust in Him."

AS A U. S. CITIZEN, BE THANKFUL FOR YOUR LIFE!

In the United States, there is no federal criminal law governing abortion at any phase of pregnancy. As it stands today, American women have the legal right to obtain an abortion in all 50 states, through all nine months of pregnancy, for virtually any reason (or no reason) at all.

America has one of the most liberal abortion laws in the world... for example, far more liberal than western Europe.

In Germany, women seeking first-trimester abortions are subject to a mandatory three-day waiting period and a counseling session. Abortions after the first 12 weeks of pregnancy are forbidden except in cases of grave threat to the mother's physical or mental health. The Netherlands mandates a five-day waiting period between initial consultation and abortion; clinics must provide women with information about abortion alternatives.

If you are younger than 40 years old and are reading this bulletin insert, you are lucky to be alive! You had a 33% chance of being aborted BEFORE you left your mother's womb. So, give your mom and dad a big hug and kiss, and thank them for choosing LIFE, especially YOUR LIFE!
