

Sample For Guidance Only please!

Dear Father Metzger,

Throughout the past several months, I have given my best effort to becoming closer to God, the Holy Spirit, and the Catholic Church, by being guided by teachers, classmates, and my family to become a more faithful Catholic. By deeper study and understanding of my faith, I have firmly decided to take the next step in furthering my faith by seeking confirmation.

Preparing for this Sacrament, I have tried to attend Mass each week. I have kept up with work given to us in my religion classes and given extra effort to try and improve my character most days by listening to my parents and being nicer to my family members and those around me at school.

While improving my character, I frequently tried to be of service to other in my community. I volunteered at the Soup Kitchen in the Short North and found it very rewarding. The people I served inspired me in my faith. Some of them had so much faith, but had nothing to their names.

At Christmas we collected items for a local family that needed some extra help this year. I realized how blessed my family is by God and that we need to share what we have with others.

I know that becoming confirmed comes with more responsibilities. I am able and willing to accept these responsibilities as I continue to mature in my faith, to witness and defend my faith as I continue in my Confirmation preparation classes. I know this Sacrament will strengthen me in all things.

Father Metzger, I choose to continue my Catholic faith journey and respectfully request the Sacrament of Confirmation.

Respectfully,

YOUR FULL NAME

Confirmation Candidate of Our Lady of Victory Parish
